June 24th Day of Action
ABOUT US

Mission

The Reproductive Health Coalition is a wide-range of health professional associations and allied organizations who advocate with a unified voice to protect access to reproductive care.

Check out our video!

Tenets of the Coalition

- A patient’s right to dignity, autonomy, privacy, and the expectation of a trusted relationship with their clinician.
- Protection of the clinician’s ethical obligation to provide care, including their access to comprehensive training.
- A commitment to an evidence-based approach to policy and practice.
OUR STORY

A year ago, in talks with The White House, a representative stated that when it came to reproductive health, it would be great to have a specific group of people to contact knowing that many voices would be represented. Here we are!

PURPOSE OF TOOLKIT

For this upcoming anniversary date, the coalition encourages individuals and organizations to use this toolkit to post on social media. You are empowered to wear green and attend a local event!
